

APRIL – MAY 2022
CMC COVID-19 PROTOCOLS

March 31, 2022

Dear friends,

After much thought and consideration, Chamber Music Charleston will no longer require masks or proof of COVID vaccination status/negative test in order to participate in and attend CMC events.

Mask-wearing is still welcome, but we are happy to leave that to each individual's discretion.

We greatly appreciate how gracious you have been in following the COVID-19 protocols that were in effect over the past months. The safety and well-being of our musicians, staff, volunteers, and audience members has always been in the front of our minds when making such decisions.

We will continue to monitor the conditions in our community, and our protocols will be subject to changes in public health conditions and policy.
